John A. Willis

The Inquisitor By Mark Allen Smith:

The Inquisitor Mark Allen Smith, 2012 Geiger has a gift he knows a lie the instant he hears it And in his business called information retrieval by its practitioners that gift is invaluable because truth is the hottest thing on the market Geiger s clients count on him to extract the truth from even the most reluctant subjects Unlike most of his competitors Geiger rarely sheds blood but he does use a variety of techniques some physical many psychological to push his subjects to a point where pain takes a backseat to fear Because only then will they finally stop lying One of Geiger s rules is that he never works with children So when his partner former journalist Harry Boddicker unwittingly brings in a client who insists that Geiger interrogate a twelve year old boy Geiger responds instinctively He rescues the boy from his captor removes him to the safety of his New York City loft and promises to protect him from further harm But if Geiger and Harry cannot quickly discover why the client is so desperate to learn the boy s secret they themselves will become the victims of an utterly ruthless adversary

The Inquisitor Mark Allen Smith, 2012-04-10 Geiger s business is extracting information A meticulous torturer his methods range from the brutal to the psychologically complex and he will stop at nothing to get the job done His clients are referred to him from international corporations government agencies and organised crime his skills are in worldwide demand He calls his company Information Retrieval Geiger only has one rule that he will never work on a child So when a client presents Geiger with a twelve year old boy his instinct is to walk away But the alternative the unknown horror that might await the boy elsewhere is too awful for him to contemplate Geiger s history is a blank page even to him In accepting this assignment in an attempt to save the boy he will discover that history no matter how torturous that proves to be The Confessor Mark Allen Smith, 2014-05-08 Brilliant thriller Publishers Weekly Everyone is looking for Geiger Detached and with an innate ability to recognize lies Geiger was the best of the best in the field of Information Retrieval Until he was asked to break his only rule and do the unthinkable to torture a child Something broke in Geiger s neatly controlled mind opening up a flood of terrible memories long kept at bay And now Geiger is missing presumed dead But with no body ever found there are a number of people invested in finding out the truth One of those people is Harry Boddicker Geiger s old handler and friend Another is his bitter rival Dalton who is determined to find Geiger and extract a final confession from him before carrying out his deadly revenge But no one has reckoned on Zanni Soames a woman more dangerous than any of them could imagine and hell bent on winning the race to find Geiger first The new novel from Mark Allen Smith is a masterfully written thriller that will send you spinning from New York to Paris and back again and into the darkest depths of the man known only as Geiger Praise for Mark Allen Smith A brilliant sometimes brutal thriller Publishers Weekly One of the most original thrillers since S J Watson s *Before I Go To Sleep* Guardian An involving thriller that leaves you hoping for the return of its oddly winning hero Kirkus **The Best Horror of the Year** Ellen Datlow, 2013-08-27 Darkness both literal and psychological holds its own unique fascination Despite our fears or perhaps because of them readers have always been drawn to tales of death terror

madness and the supernatural and no more so than today when a wildly imaginative new generation of dark dreamers is carrying on in the tradition of Poe and Lovecraft and King crafting exquisitely disturbing literary nightmares that gaze without flinching into the abyss and linger in the mind long after Multiple award winning editor Ellen Datlow knows the darkest corners of fiction and poetry better than most Once again she has braved the haunted landscape of modern horror to seek out the most chilling new works by both legendary masters of the genre and fresh young talents Here are twisted hungers and obsessions human and otherwise along with an unsettling variety of spine tingling fears and fantasies The cutting edge of horror has never cut deeper than in this comprehensive showcase of the very best the field has to offer Enter at your own risk

Political Torture in Popular Culture Alex Adams,2016-06-17 Political Torture in Popular Culture argues that the literary filmic and popular cultural representation of political torture has been one of the defining dimensions of the torture debate that has taken place in the course of the post 9 11 global war on terrorism The book argues that cultural representations provide a vital arena in which political meaning is generated negotiated and contested Adams explores whether liberal democracies can ever legitimately perpetrate torture contrasting assertions that torture can function as a legitimate counterterrorism measure with human rights based arguments that torture is never morally permissible He examines the philosophical foundations of pro and anti torture positions looking at their manifestations in a range of literary filmic and popular cultural texts and assesses the material effects of these representations Literary novels televisual texts films and critical theoretical discourse are all covered focusing on the ways that aesthetic and textual strategies are mobilised to create specific political effects This book is the first sustained analysis of the torture debate and the role that cultural narratives and representations play within it It will be of great use to scholars interested in the emerging canon of post 9 11 cultural texts about torture as well as scholars and students working in politics history geography human rights international relations and terrorism studies literary studies cultural studies and film studies

Information Literacy and Autonomy Winfried Gödert,Klaus Lepsky,2023-06-06 Information literacy and autonomy have become key values for the image of man in a society that is increasingly shaped by digitalization and artificial intelligence The purpose of this book is to describe abstraction analogy inference plausibility and creativity as basic skills of cognitive information processing and prerequisites for autonomous informational action

Talking Book Topics ,2013-07 How to Justify Torture Alex Adams,2019-09-10 From Batman Begins to Tom Clancy How to Justify Torture shows how contemporary culture creates simplified narratives about good guy torturers and bad guy victims how dangerous this is politically and what we can do to challenge it If there was a bomb hidden somewhere in a major city and you had the person responsible in your custody would you torture them to get the information needed to stop the bomb exploding preventing a devastating terrorist attack and saving thousands of lives This is the ticking bomb scenario a thought experiment designed to demonstrate that torture can be justified In How to Justify Torture cultural critic Alex Adams examines the ticking bomb scenario in depth looking at the ways

it is presented in films novels and TV shows from Batman Begins and Dirty Harry to French military thrillers and home invasion narratives By critiquing its argument step by step this short provocative book reminds us that despite what the ticking bomb scenario will have us believe torture can never be justified *Film Writers* ,2001 **O inquisidor** Mark Allen Smith,2015-02-19 A verdade pode ser a pior tortura Geiger tem um dom ele sabe quando algu m est mentindo Na fun o que exerce a chamada obten o de informa es Geiger utiliza sua valiosa habilidade e v rios m todos psicol gicos que levam suas v timas a um ponto em que o medo supera a dor Assim que atingem esse ponto elas n o t m mais como resistir Uma das nicas regras seguidas pelo torturador n o trabalhar com crian as Quando seu s cio o ex jornalista Harry Boddicker lhe traz um novo cliente que exige que ele interrogue um menino de doze anos sua resposta n o Mas quando o cliente amea a levar o menino para Dalton um torturador sem regras famoso por matar seus interrogados Geiger cujo passado um mist rio at para ele mesmo surpreendido por um sentimento estranho de prote o e foge com o menino na tentativa de salvar sua vida Enquanto Geiger e Harry investigam por que o cliente est t o desesperado para descobrir o segredo guardado pelo garoto eles se veem ca ados por um advers rio cruel E no meio dessa ca ada implac vel que o passado misterioso e sinistro de Geiger vem tona
