The Sea Can Wash Away All Evils Kimberley Christine Patton,2007 Kimberley Patton examines the environmental crises facing the world s oceans from the perspective of religious history Much as the ancient Greeks believed and Euripides wrote that the sea can wash away all evils a wide range of cultures have sacralized the sea trusting in its power to wash away what is dangerous dirty and morally contaminating The sea makes life on land possible by keeping it pure Patton sets out to learn whether the treatment of the world s oceans by industrialized nations arises from the same faith in their infinite and regenerative qualities Indeed the sea s natural characteristics such as its vast size and depth chronic motion and chaos seeming biotic inexhaustibility and unique composition of powerful purifiers salt and water support a view of the sea as a no place capable of swallowing limitless amounts of waste And despite evidence to the contrary the idea that the oceans could be harmed by wasteful and reckless practices has been slow to take hold Patton believes that environmental scientists and ecological advocates ignore this relationship at great cost She bases her argument on three influential stories Euripides tragedy Iphigenia in Tauris an Inuit myth about the wild and angry sea spirit Sedna who lives on the ocean floor with hair dirtied by human transgression and a disturbing medieval Hindu tale of a lethal underwater mare She also studies narratives in which the sea spits back its contents sins corpses evidence of guilt long sequestered suggesting that there are limits to the ocean s vast salty heart In these stories the sea is either an agent of destruction or a giver of life yet it is also treated as a passive receptacle Combining a history of this ambivalence toward the world s oceans with a serious scientific analysis of modern marine pollution Patton writes a compelling cross disciplinary study that couldn t be more urgent or timely

Philosophy and Psychoanalytic Theory Bert Olivier,2009 The essays brought together in this volume are written from the dual perspectives of philosophy and psychoanalytic theory Sometimes more weight is given to the one perspective than to the other and vice versa but always with the conviction that the rational argumentative and hermeneutic interpretive approach of philosophy requires the sobering influence of psychoanalytic theory s conception of the human being as a split subject prone to the laws of the unconscious no less than to those of reason Topics

range from the question concerning the relation between discourse evil and the agency of the subject to that of the non relativistic ethical positioning of the psychotherapist from the problem of overcoming relativism by way of a poststructuralist understanding of language to that of a cogent Derridean philosophical response to global terrorism and from a Lacanian understanding of narrative identity of human knowledge as paranoiac and of trauma literature to a Kristevan perspective on nature as abject in the light of the degradation of ecosystems globally Encyclopedia of Gothic Literature Mary Ellen Snodgrass,2014-05-14 Presents an alphabetical reference guide detailing the lives and works of authors associated with Gothic literature Cooking by the Book Mary Anne Schofield,1989 The essays collected here explore the power and sensuality that food engenders within literature The book permits the reader to sample food as a rhetorical structure one that allows the individual writers to articulate the abstract concepts in a medium that is readily understandable The second part of *Cooking by the Book* turns to the more diverse food rhetorics of the marketplace What for example is the fast food rhetoric Why are there so many eating disorders in our society Is it possible to teach philosophy through cookery How long has vegetarianism been popular *The duality of woman. an analysis of "the girl in a swing" by richard adams with special reference to the female protagonist* Helene Rebien Dreyer,1991 *Death On The Pedernales* George Wier,2020-05-02 Who killed Edgar Bristow millionaire philanthropist and war hero In a small Texas town where everyone knows everyone else the list of suspects can be every person you meet What dark secrets wait for the man who is unafraid to turn over any stone And will the killer strike again before Bill can get to the truth *Death On The Pedernales* is the fifth installment of the action adventure suspense thriller The Bill Travis Mystery series **Two of a Mind** S M Stuart,2017-04-10 24th July 2110 When the midnight chimes end at Dez s 16th Eve Party she realises she s destined to be an Empty Her subsequent attempts to connect with her Psyche Twin have startling consequences and she soon finds herself facing the worst of nightmares
