The Judge By Em Leya:

Privilege and Punishment Matthew Clair, 2022-06-21 How the attorney client relationship favors the privileged in criminal court and denies justice to the poor and to working class people of color The number of Americans arrested brought to court and incarcerated has skyrocketed in recent decades Criminal defendants come from all races and economic walks of life but they experience punishment in vastly different ways Privilege and Punishment examines how racial and class inequalities are embedded in the attorney client relationship providing a devastating portrait of inequality and injustice within and beyond the criminal courts Matthew Clair conducted extensive fieldwork in the Boston court system attending criminal hearings and interviewing defendants lawyers judges police officers and probation officers In this eye opening book he uncovers how privilege and inequality play out in criminal court interactions When disadvantaged defendants try to learn their legal rights and advocate for themselves lawyers and judges often silence coerce and punish them Privileged defendants who are more likely to trust their defense attorneys delegate authority to their lawyers defer to judges and are rewarded for their compliance Clair shows how attempts to exercise legal rights often backfire on the poor and on working class people of color and how effective legal representation alone is no guarantee of justice Superbly written and powerfully argued Privilege and Punishment draws needed attention to the injustices that are perpetuated by the attorney client relationship in today's criminal courts and describes the reforms needed to correct them

Constitutional Erosion in Brazil Emilio Peluso Neder Meyer, 2021-07-15 This book provides a fascinating analysis of a single jurisdiction Brazil and accounts for both the successes and the failures of its most recent constitutional project inaugurated by the Constitution of 1988 It sets out the following aspects of the constitutional development and erosion the different phases of the promised transition from military rule to a social democratic constitutionalism the obstacles to democratisation derived from the absence of true institutional reforms in the judicial branch and in the civil military relationship the legal and social practices which maintained a structure that obstructed the emergence of an effective social democracy such as the neoliberal pattern the acceptance in the political field of unlawful organisations such as the milicias and the way the digital revolution has been harming the formation of democratic sovereignty Situating Brazil in the global context of the revival of authoritarianism it details the factors which are common to the third wave of democratisation reflux Accounting for those aspects particular to the Brazilian jurisdiction it shows that there is a tension in the Brazilian constitution On the one hand such constitutionalism was renewed by democratic pressure on governments to undertake social politics since 1988 On the other hand it retained authoritarian practices through the hands of diverse institutions and political actors By exploring the ideas of constitutional erosion and collapse as

well as democratic social and digital constitutionalism the book presents a comparative analysis of Brazil and other jurisdictions including the United States South Africa and Peru A Verdade Material na Decisão Judicial no Direito Civil Português Paulo Guedes,2024-05-14 A tese que apresentamos tem como escopo principal definir o conceito de verdade e procura perceber quais os fundamentos da decisão judicial no processo civil português O conceito de verdade tem suscitado uma discussão desde há milhares de anos No âmbito do processo importa compreender e definir qual o fim do processo ou se preferirmos qual o escopo formal e que cumpre ao juiz materializar Apenas dessa forma podemos compreender se a solução que a decisão apresenta cumpriu com o seu objetivo O processo civil tem na prova a sua principal ferramenta para promover a descoberta da verdade mas temos que assumir que nunca representar uma garantia tal a sua falibilidade A este respeito não podemos deixar de referir o problema da prova dialéctica que condiciona o inicialmente onerado e que obriga o legislador a equacionar se a distribuição estática da prova pode impor algumas das vezes a injustiça no caso concreto Neste sentido importa considerar se possível o recurso distributivo dinâmico da prova no ordenamento jurídico português **Daily Variety** ,1942

Encountering the Divine George Savran,2005-04-05 An examination of the literary and theological dynamics of the divine human encounter as reflected in theophany narratives in the Hebrew Bible The point of departure for this study is a type scene analysis which reveals a common structure to theophany narratives Beginning with the separation of the protagonist from human society the text moves to a visual and verbal revelation by the Deity and records a range of human reactions to the experience Each of the texts concludes with a description of a more externalized reaction which marks the carrying over of the experience into a larger societal framework The analysis develops the underlying structural and contentual similarity among texts which have traditionally been understood as belonging to different literary genres The discussion offers a nuanced treatment of the range of literary strategies employed by the narrative for addressing these elements In addition to a detailed analysis of each of the above components of the type scene there is discussion of issues such as the idea of the lethal nature of the encounter and intertextual relations between the narratives JSOTS 420 **The Hypercontemporary Novel in Portugal** Paulo de Medeiros,Ana Paula Arnaut,2024-01-11 The first volume of critical essays on the contemporary Portuguese novel in English this book theorizes the concept of the hypercontemporary as a way of reading the novel after its postmodern period This inquiry into the notion of the hypercontemporary in its literary and cultural articulations analyzes a varied group of works representative of the most vibrant novels published in Portugal since 2000 The editors introductory chapter theorizes the concept of the hypercontemporary as one way of looking at the novel after its postmodern period especially in its relation to questions of violence memory and performativity These essays show how the Portuguese novel has evolved in the past 25 years and how in their diversity most of these novels exhibit several common traits including new topics and writing strategies sometimes developing further entropic lines characteristic of many Postmodern narratives and themes of violence rapid transformation and the many threats to a contemporary world that

seems mass produced due to greater technological advances Readings also discuss the use of innovative graphic forms available from current print technologies and global networks The Hypercontemporary Novel in Portugal provides a necessary understanding of the current literary landscape of Portugal and in the process the aesthetics of hyperrealism or post postmodernism **The Bee Hive** ,1915 *Gardeners' Chronicle* ,1846 *The Gardeners' Chronicle* ,1884
