customs and people and employ a broad range of interpretive modes including the theories of formalism feminism and postmodernism among others Wright's travel books are proved here to be innovative narratives that laid down the roots of such later genres as postcolonial literature contemporary travel writing and resistance literature Virginia Whatley Smith is an associate professor of English at the University of Alabama Birmingham Her work has appeared in *African American Review* *Mississippi Quarterly* and *MLA Approaches to Teaching Wright's Native Son* *Faulkner, Welty, Wright* Annette Trefzer, Jay Watson, James G.
