Wildwing By Emily Whitman:

Wildwing Emily Whitman,2010-09-21 When Addy is swept back in time she couldn't be happier to leave her miserable life behind. Now she's mistaken for Lady Matilda, the pampered ward of the king. If Addy can play her part, she'll have glorious gowns, jewels, and something she's always longed for: the respect and admiration of others. But then she meets Will, the falconer's son, with sky-blue eyes who unsettles all her plans. From shipwrecks to castle dungeons, from betrothals to hidden conspiracies, Addy finds herself in a world where she's not the only one with a dangerous secret. When she discovers the truth, Addy must take matters into her own hands. The stakes: Her chance at true love and the life she's meant to live. **Night**

Issue 12, **Read On...Speculative Fiction for Teens** Jamie Kallio, 2012-08-14 This guide offers exciting new reading paths for students who enjoy fantasy, science fiction, and paranormal themes. With over 350 titles organized into their primary appeal characteristics and scores of thematic lists, librarians and educators will benefit from lists of contemporary selections specifically written for teens. Interest in teen fiction has grown in popularity in the last decade, especially within the fantasy and paranormal genres. This timely guide is one of the few books on the subject that lists titles that are written specifically for teens. *Read On: Speculative Fiction for Teens* features popular contemporary themes ranging from vampire love and ghost stories to epic fantasy and out-of-this-world science fiction. Each of the five chapters caters to a specific area of interest: story, character, setting, mood, and language, and within the chapter, numerous lists of novels are organized by topic, with the best titles highlighted. Each of the more than 350 listed titles includes bibliographic information and a brief, punchy description.

Encountering Enchantment Susan Fichtelberg, 2015-09-29 The most current and complete guide to a favorite teen genre, this book maps current releases along with perennial favorites, describing and categorizing fantasy, paranormal, and science fiction titles published since 2006. Speculative fiction continues to be of consuming interest to teens, so if you work with that age group, keeping up with the explosion of new titles in this category is critical. Likewise, understanding the many genres and subgenres into which these titles fall—wizard fantasy, alternate worlds, fantasy mystery, dystopian fiction, science fantasy, and more—is also key if you want to motivate young readers and direct them to books they'll enjoy. Written to help you master a complex array of genres and titles, this guide includes more than 1,500 books most published since 2006, organizing them by genre, subgenre, and theme. Subgenres growing in popularity, such as steampunk, are highlighted to keep you current with the latest trends. The guide will serve three audiences. Of course, you can turn to it as you help your teenage patrons select the books and genres that will interest them most. Teen readers, whether devoted fans or newcomers, can use it themselves to find

titles and subgenres they might like In addition the guide will help teachers and parents match students with the right books
