Algebra Algebraic Structures or Groups Rings and Fields Durbin has two main goals to introduce the most important kinds of
algebraic structures and to help students improve their ability to understand and work with abstract ideas The first six
chapters present the core of the subject the remainder are designed to be as flexible as possible Durbin covers groups before
rings which is a matter of personal preference for instructors The course is mostly comprised of mathematics majors but you
will find engineering and computer science majors as well **Instructor's Solutions Manual T/A Intermediate Algebra**
