

Chapter 5: The American Revolution

I. The States United

- Faced the task of mobilizing for war against the world's greatest armed power

A. Defining American War Aims

- Second continental congress met in the State House in Philadelphia, w/ delegates from every colony except Georgia
 - Agreed to support the war, but disagreed about its purpose
- Approved one, last conciliatory appeal to the king, the "Olive Branch Petition"
- Reasons Americans changed their minds from redress of grievances to independence
 1. Cost of war- human and financial
 2. Lingering affection for England diminished
 - British recruited Indians, slaves and foreign mercenaries (Hessians)
 3. Believed British govt. was forcing them toward independence
 - Rejected Olive Branch Petition
- Prohibitory Act closed colonies to over seas trade and made no concessions to American demands
 - Enforced by a British naval blockade
- Thomas Paine wrote *Common Sense* in January 1776
 - Changed the outlook of Americans towards the war
 - Paine wanted to turn anger toward root of the problem -English Constitution
 - It was the king and the system that permitted him to rule, that was to blame

B. The Decision for Independence

- Common Sense sold more than 100,000 copies in first few months
- Continental Congress declared American ports open to all ships except GB and entered into communication w/ foreign powers
- July 2nd, 1776, Congress adopted a resolution
- July 4th 1776, Congress approved Declaration of Independence
- Thomas Jefferson wrote most of Declaration w/ help from Benjamin Franklin and John Adams
- Expressed ideas voiced in colonies in preceding months; town meetings, artisan & militia orgs, county officials, grand juries, Sons of Liberty & colonial assemblies
- Declaration split in two parts:
 1. Govt. formed to protect rights of life, liberty, & property (Locke's contract)
 2. Listed the crimes of the king
- Declaration led to increase in foreign aid and led to France's intervention

C. Response to Independence

- Loyalists were true to the king, while Tories were supporters of independence
- Aftermath of D of I, colonists began to call themselves states
- November 1777, Congress adopted Articles of Confederation – ratified in 1781
 - Confirmed weak, decentralized system w/ limited power over the states

D. Mobilizing for War

- New govt. faced challenges of raising and organizing armies, providing them with supplies and equipment, and finding a way to pay for it all

Asymmetric Politics Matthew Grossmann, David A. Hopkins, 2016 The Republican Party is the vehicle of an ideological movement whereas the Democratic Party is a coalition of social groups with concrete policy concerns Democrats prefer a more moderate party leadership that makes compromises whereas Republicans favor a more conservative party leadership that sticks to principles Each party finds popular support for its approach because the American public simultaneously favors liberal positions on specific policy issues and conservative views on the broader role of government

As a City on a Hill Daniel T. Rodgers, 2018-11-13 How an obscure Puritan sermon came to be seen as a founding document of American identity and exceptionalism For we must consider that we shall be as a city upon a hill John Winthrop warned his fellow Puritans at New England's founding in 1630 More than three centuries later Ronald Reagan remade that passage into a timeless celebration of American promise How were Winthrop's long forgotten words reinvented as a central statement of American identity and exceptionalism In *As a City on a Hill* leading American intellectual historian Daniel Rodgers tells the surprising story of one of the most celebrated documents in the canon of the American idea

In doing so he brings to life the ideas Winthrop's text carried in its own time and the sharply different yearnings that have been attributed to it since. As a City on a Hill shows how much more malleable, more saturated with vulnerability and less distinctly American Winthrop's Model of Christian Charity was than the document that twentieth-century Americans invented. Across almost four centuries, Rodgers traces striking shifts in the meaning of Winthrop's words from Winthrop's own anxious reckoning with the scrutiny of the world through Abraham Lincoln's haunting reference to this almost-chosen people to the city on a hill that African Americans hoped to construct in Liberia to the era of Donald Trump. As a City on a Hill reveals the circuitous, unexpected ways Winthrop's words came to lodge in American consciousness. At the same time, the book offers a probing reflection on how nationalism encourages the invention of timeless texts to straighten out the crooked realities of the past.
