Apprendre Philosopher Avec Platon:

Apprendre à philosopher avec Platon Jérôme Jardry,2015-11-24 Si Whitehead a dit que l histoire de la philosophie tait une suite de notes en bas de page aux crits de Platon c est que la philosophie platonicienne est fondatrice de multiples gards Elle inaugure le questionnement comme le lieu m me de la pens e et comme la structure profonde d un discours rationnel capable de rendre compte de ses propres pr suppos s La recherche de d finition du Bien est par exemple la qu te elle m me de ce qu est le bien en tant que tel La philosophie s affirme alors en tant que mode de discours r solument mancipateur La pens e intelligente et la libert sont pos es comme des valeurs On peut croire impossible d entrer dans la philosophie de Platon en onze chapitres et de circonscrire ainsi sa pens e Pourtant c est dans un n cessaire r seu que se construit un sens complexe mais galement la coh rence et l unit de l oeuvre

Plato's Styles and Characters Gabriele Cornelli,2015-11-27

The significance of Plato s literary style to the content of his ideas is perhaps one of the central problems in the study of Plato and Ancient Philosophy as a whole As Samuel Scolnicov points out in this collection many other philosophers have employed literary techniques to express their ideas just as many literary authors have exemplified philosophical ideas in their narratives but for no other philosopher does the mode of expression play such a vital role in their thought as it does for Plato And yet even after two thousand years there is still no consensus about why Plato expresses his ideas in this distinctive style Selected from the first Latin American Area meeting of the International Plato Society www platosociety org in Brazil in 2012 the following collection of essays presents some of the most recent scholarship from around the world on the wide range of issues related to Plato s dialogue form The essays can be divided into three categories The first addresses general questions concerning Plato s literary style The second concerns the relation of his style to other genres and traditions in Ancient Greece And the third examines Plato s characters and his purpose in using them
