Star Wars: The New Jedi Order - Balance Point Katherine Tyers, 2012-09-30 In the aftermath of one tragedy will a young Jedi's search for redemption lead to yet another? There is no place else to channel the flood of refugees fleeing the murderous Yuuzhan Vong but the overcrowded planet Duro, poisoned by centuries of technological excess. Fortunately, a deal struck in exchange for a new home: the refugees will work to restore the planet to health under the watchful eye of Leia Organa Solo. While tempers flare between the Duros and the New Republic, Han Solo, his son Jacen, and the Ryn called Droma arrive to keep the peace. They are unaware that Leia is on Duro and that Luke, Mara, and Anakin are on their way searching for a missing Jedi apprentice. And none realize that the Yuuzhan Vong have chosen this embattled planet as the next target in their brutal coreward thrust. Now, as the fragile stability on Duro threatens to collapse into violence, Jacen Solo must face his greatest dilemma: At what point does the use of power become aggression? Whatever he decides, his next step could tip the galaxy's destiny toward the light or toward the darkness, with the life of someone he loves hanging in the balance. **The**

History and Politics of Star Wars Chris Kempshall, 2022-08-11 This book provides the first detailed and comprehensive examination of all the materials making up the Star Wars franchise, relating to the portrayal and representation of real-world history and politics. Drawing on a variety of sources, including films, published interviews with directors and actors, novels, comics, and computer games, this volume explores the ways in which historical and contemporary events have been repurposed within Star Wars. It focuses on key themes such as fascism and the Galactic Empire, the failures of democracy, the portrayal of warfare, the morality of the Jedi, and the representations of sex, gender, and race. Through these themes, this study highlights the impacts of the fall of the Soviet Union, the War on Terror, and the failures of the United Nations upon the galaxy far, far away. By analysing and understanding these events and their portrayal within Star Wars, it shows how the most popular media franchise in existence aims to speak about wider contemporary events and issues. **The History and Politics of Star Wars** is useful for upper-level undergraduates, postgraduates, and scholars of a variety of disciplines such as transmedia studies, science fiction, cultural studies, and world history and politics in the twentieth and twenty-first centuries. **Star**
