Ball Blue Guide To Preserving:

Ball Blue Book Guide to Preserving Newell Brands, Judy Harrold, 2024-02 Home canning dehydrating freezing and recipe book *Ball Blue Book Guide to Preserving* Judy Harrold, 2014 Learn how to preserve your favorite foods with the 37th Edition of the Ball Blue Book Guide to Preserving This handy book features 200 pages of canning pickling dehydrating and freezing recipes This is perfect for rookies and experts alike **The Farm Girl's Guide to Preserving the Harvest** Ann Accetta-Scott, 2019-05-01 Preserving food can be one of the most intimidating aspects of homesteading and cooking Luckily no one makes it as easy and as much fun as farm girl in the making Ann Acetta Scott For a beginner new to the world of preserving the ideal tool is a detailed reference guide and in *The Farm Girl's Guide to Preserving the Harvest* Ann covers all the basics on canning dehydrating freezing fermenting curing and smoking including how to select and use the right tools for each method This guide takes home preservers through the beginning moderate and advanced stages of preserving Newcomers can start with a simple jam and jelly recipe using a hot water bath canner while others may be advanced enough to have mastered the pressure canner and are ready to move onto curing and smoking meat and fish With more than 30 delicious and healthy recipes and Ann's expertise and encouragement the home preserver will build confidence in the most common methods of preserving **Step-by-step guide to preserving vegetables Fermenting, pickling, canning, dehydrating and freezing your favorite products** , 2024-04-02 How to Use this Book This book is based on my desire to preserve vegetables in ways that my family will eat and do that as efficiently as possible When possible I preserve vegetables in a meal ready way Instead of canning a bunch of carrot slices in quart 1 L sized jars when I bring in a large carrot harvest I'll make a batch of Canned Spice Carrot Soup and a couple of jars of Fermented Mexican Carrots Then I'll use the tops to make Frozen Carrot Top Pesto for the freezer The carrot soup is the only time consuming item the other two can be put together while the soup is processing The first part of this book is an overview of food preservation methods canning both water bath and pressure canning dehydrating fermenting and freezing You'll find the basics of how to use these methods to safely preserve vegetables but you won't find details for every scenario that could happen while preserving vegetables I've written these chapters with enough information to get you started preserving the harvest but not so much information that it leads to confusion and information overload The rest of this book is focused on growing and preserving the most popular vegetables and herbs that are grown in the home garden Each vegetable has its own chapter and in that chapter you'll find instructions on how to grow purchase can dehydrate ferment and freeze that vegetable You will also find recipes that highlight the vegetable most of these recipes are for preserving the vegetable but some recipes use the preserved vegetable Most of the recipes are written so that you'll preserve small batches at a time simply because I find that adjusting recipes to scale up is easier than scaling down If your family likes a recipe or if you have enough of one vegetable to make two batches of a recipe just double the ingredients and it will work out fine The exception to this is any of the jam or jelly recipes don't

ever double a jam or jelly recipe or you run the risk of it not setting up I hope you read through the whole book to get a vision for how these different preservation methods can work together to stock your pantry with food your family will eat Then when a vegetable is in season I hope you reread that vegetable s chapter and make a plan for preserving all of the harvest in a variety of ways Of course I hope that some of our favorite preservation recipes become your family favorites too
