United States, William Howard Doane, 1883 **Baptists and Worship** R. Scott Connell, 2020-11-30 Worship is dialogue It is more than that but it is not less than that The way Baptists have worshiped for three and a half centuries demonstrates this consistently in spite of their penchant for freedom and autonomy No one tells Baptists how to order their worship services They don t have a common liturgy that they must follow and yet their services look remarkably similar This is largely due to two controlling factors in their worship The Bible that they embrace as inspired inerrant authoritative and sufficient and the Christ revealing gospel that is contained within its pages When the word of God is followed closely a shape for worship order begins to emerge It is the same gospel shape that is found throughout the Bible When the word of God is applied to a worship service in which God and his people are engaged in a worship conversation a consistent contour of gospel elements and content begins to emerge that reveals the glory of the Christ we gather to worship

He is so glorious that when we behold him we are transformed into the same image from one degree to another This is the The National Hymn-book of the American Churches Robert Ellis power of corporate worship 2 Cor 3 The Baptist Hymnal Daone Howard, 1883 *Lining Out the Word* William T. Dargan, 2006-06-27 This book a milestone in American music scholarship is the first to take a close look at an important and little studied component of African American music one that has roots in Europe but was adapted by African American congregations and went on to have a profound influence on music of all kinds from gospel to soul to jazz Lining out also called Dr Watts hymn singing refers to hymns sung to a limited selection of familiar tunes intoned a line at a time by a leader and taken up in turn by the congregation From its origins in seventeenth century England to the current practice of lining out among some Baptist congregations in the American South today William Dargan's study illuminates a unique American music genre in a richly textured narrative that stretches from Isaac Watts to Aretha Franklin and Ornette Coleman Lining Out the Word traces the history of lining out from the time of slavery when African American slaves adapted the practice for their own uses blending it with other music such as work songs Dargan explores the role of lining out in worship and pursues the cultural implications of this practice far beyond the limits of the church showing how African Americans wove African and European elements together to produce a powerful and unique cultural idiom Drawing from an extraordinary range of sources including his own fieldwork and oral sources Dargan offers a compelling new perspective on the emergence of African American music in the United States Copub Center for Black Music Research Church and Worship Music in the United States James Michael Flovd.
