Veli-Matti Karkkainen, 2009-08-26 Pentecostal scholars from four continents here offer constructive theological proposals focusing on the role of the Holy Spirit in diverse cultural and religious contexts Typical Pentecostal topics Spirit baptism healing and other charisms are interwoven with such themes as post colonialism religious plurality racial diversity and cultural heritage **Spirit Baptism**

David Perry, 2017-07-31 The Pentecostal experience of Spirit baptism remains an important topic of discussion more than a century after the inception of the Pentecostal movement In Spirit Baptism The Pentecostal Experience in Theological Focus David Perry moves beyond traditional debates by focusing on the meaning and function of the experience within the Pentecostal community Grounded in the Pentecostal experience itself he explores the meaning of the experience in terms of its cognitive effective constitutive and communicative function He demonstrates the enduring value of the experience of Spirit baptism to the Pentecostal community and emphasises what is centrally important a powerful and transformative encounter with the Holy Spirit **Studying Global Pentecostalism**

Allan Anderson, Michael Bergunder, Andre F. Droogers, Cornelis van der Laan, 2010-09-24 With its remarkable ability to adapt to many different cultures Pentecostalism has become the world's fastest growing religious movement More than five hundred million adherents worldwide have reshaped Christianity itself Yet some fundamental questions in the study of global Pentecostalism and even in what we call Pentecostalism remain largely unaddressed Bringing together leading scholars in the social sciences history and theology this unique volume explores these questions for this rapidly growing multidisciplinary field of study A valuable resource for anyone studying new forms of Christianity it offers insights and guidance on both theoretical and methodological issues The first section of the book examines such topics as definitions essentialism postcolonialism gender conversion and globalization The second section features contributions from those working in psychology anthropology sociology and history The third section traces the boundaries of theology from the perspectives of pneumatology ecumenical studies inter religious relations and empirical theology *Theological Hermeneutics in the*

Classical Pentecostal Tradition L. William Oliverio, 2012-08-01 In Theological Hermeneutics in the Classical Pentecostal Tradition L. William Oliverio Jr accounts for the development of Classical Pentecostal theological hermeneutics through four hermeneutical types and concludes with a philosophical basis for future Pentecostal theological hermeneutics within the contours of a hermeneutical realism **Pentecostals in the 21st Century** Corneliu Constantineanu, Christopher James

Scobie, 2018-01-11 A little over one hundred years ago the Holy Spirit breathed a fresh awakening into little communities in Topeka Kansas 1901 and then on Azusa Street in California 1906 Over the past century this spiritual awakening has touched every country on the globe By 2014 there were 631 million Pentecostals in the world comprising a quarter of all Christians and that number is forecast to grow to 800 million by 2025 This book offers a window into some of the unique features of this phenomenal movement through expert contributions from some of the world's preeminent Pentecostal theologians It presents a Pentecostal perspective on important theological themes that pastors theologians and lay leaders are grappling with in the twenty first century *Tongues and Trees* Aaron Jason Swoboda, 2019-05-21 This book develops a Pentecostal ecological theology ecotheology by utilizing key pneumatological themes that emerge from the Pentecostal tradition It examines the salient Pentecostal and Charismatic voices that have stimulated ecotheology in the Pentecostal tradition and situates them within the broader context of Christian ecumenical ecotheologies Roman Catholic Orthodox Protestant and Ecofeminist The author advances a novel approach to Pentecostal ecotheology through a pneumatology of the Spirit baptized creation the charismatic creational community the holistic ecological Spirit and the eschatological Spirit of ecological mission Significantly this book is the first substantive contribution to a Pentecostal pneumatological theology of creation with a particular focus on the Pentecostal community and its significance for the broader ecumenical community Furthermore it offers a fresh theological approach to imagining and sustaining earth friendly practice in the twenty first century Pentecostal church

Pentecostalism, Secularism, and Post Christendom Bradley Truman Noel, 2015-12-14 If only we were a Christian country again Christians particularly those in the West often lament their loss of influence in modern politics and culture It seems that everywhere one turns Christendom in the West is dealt another blow with Christian reactions ranging from withdrawal and entrenchment to cries of persecution and talks of organized resistance Pentecostalism Secularism and Post Christendom seeks to address these concerns via an examination of Classical North American Pentecostalism as it wrestles with the very real challenges posed by the increasing post Christian ethos of Western culture In addition to providing a number of concrete steps Pentecostals may take in their efforts to better understand and connect with modern culture this work will argue that counter intuitively the death of Christendom if properly addressed may in fact herald the arrival of the Church's finest hour *Justified in the Spirit* Frank D. Macchia, 2010-07-26 Argues persuasively that Christian teaching about the Spirit pneumatology has much to offer to a correct understanding of justification We have here a book of singular consequence William G Rusch Yale Divinity School

Network Church Andy Lord, 2012-03-19 Pentecostal churches have grown over the last century but only a limited amount has been written about their ecclesiology Much of the existing work focuses on congregational models and contemporary practice This book argues the need for a pentecostal systematic approach to ecclesiology Utilising the method of Amos Yong a pentecostal ecclesiology based on a network church structure is developed Systematic issues of catholicity are addressed through mission insights on partnership and a hospitable

approach to contextualisation is developed This book therefore suggests new ways forward in pentecostal studies and ecclesiology Anglicans and Pentecostals in Dialogue David Hilborn, Simo Frestadius, 2023-09-22 This is the first comprehensive book on Anglican and Pentecostal ecumenical relations It introduces both movements with a particular focus on their approaches to ecumenism before exploring sacraments ministry ecclesiology pneumatology and mission with respect to both traditions As well as providing more theological and historical discussion the book also offers personal accounts of local national and international ecumenical engagement by both Anglicans and Pentecostals It is written predominantly although not exclusively from a British perspective Even so as the first major published dialogue between these two global Christian traditions the book will be of value to all interested in Anglicanism Pentecostalism and ecumenism **Kingdom Come** Matthew K. Thompson, 2019-05-21 In his *Pentecostal Spirituality A Passion for the Kingdom* 1993 theologian Steven J Land issued a clarion call for Pentecostal theologians to reconsider eschatology outside the categories of premillennial dispensationalism *Kingdom Come Revisioning Pentecostal Eschatology* is Matthew Thompson's constructive answer to Land's invitation Thompson persuasively argues that Pentecostalism's adoption of premillennial dispensationalism as a hermeneutic as a philosophy of history and as an eschatology robs the movement of the potential for dynamic growth and of profound experiences of the power of the Holy Spirit Thompson concludes his account with an engagement of the eschatologies of John Fletcher Jürgen Moltmann and Sergius Bulgakov in order to construct what he terms a genuinely Pentecostal eschatology formulated thematically through the lens of the five fold Pentecostal Full Gospel Pentecostal Theology and Ecumenical Theology, 2019-09-16 *Pentecostal Theology and Ecumenical Theology Interpretations Intersections and Inspirations* brings together globally recognized and newer scholars to address the complex relationship between Pentecostalism and the Ecumenical Movement Historical essays address topics such as early Pentecostal responses to and participation in ecumenism explicit convergences between Pentecostal and ecumenical initiatives and the particular contributions of Pentecostals and ecumenists outside North America and Europe Constructive theological essays address intersections between ecumenical theology and systematic loci in Pentecostal perspective in the hope that mutual exchange and criticism will lead to ways to improve both Never before have this many scholars of Pentecostalism combined their efforts in order to focus on the relationship between Pentecostal theology and ecumenical theology past present and future **The Science and Theology of Godly Love** Matthew T. Lee, Amos Yong, 2012-06-15 Arguing that there are ways to move beyond the limitations of methodological atheism without compromising scientific objectivity the essays gathered in *The Science and Theology of Godly Love* explore the potential for collaboration between social science and theology They do so within the context of the interdisciplinary study of Godly Love which examines the perceived experience of loving God being loved by God and thereby being motivated to engage in selfless service to others This volume serves as an introduction to and a call for further research in this new field of study offering ten methodological perspectives on the study of Godly Love written by

leading social scientists and theologians Drawing on the work of Douglas Porpora and others the contributors contend that agnosticism is the appropriate methodological stance when religious experience is under the microscope Godly Love does not force a theistic explanation on data instead these essays show that it sensitizes researchers so that they can take seriously the faith and beliefs of those they study without the assumption that these theologies represent an incontestable truth

Faith in African Lived Christianity ,2019-09-16 Faith in African Lived Christianity Bridging Anthropological and Theological Perspectives offers a comprehensive empirically rich and interdisciplinary approach to the study of faith in African Christianity The book brings together anthropology and theology in the study of how faith and religious experiences shape the understanding of social life in Africa The volume is a collection of chapters by prominent Africanist theologians anthropologists and social scientists who take people s faith as their starting point and analyze it in a contextually sensitive way It covers discussions of positionality in the study of African Christianity interdisciplinary methods and approaches and a number of case studies on political social and ecological aspects of African Christian spirituality

Norming the Abnormal Aaron T. Friesen,2013-02-19 Pentecostalism is one of the largest and fastest growing religious movements around the world Yet the movement s defining doctrine has met with controversy and criticism since its inception Classical Pentecostals have not only affirmed and valued the experience of speaking in other tongues they have argued that such an experience is the first evidence of a Christian having reached a level of spiritual empowerment they call Baptism in the Holy Spirit That speaking in an unknown language should be considered by many Pentecostals to be a normative and uniform right of passage for all Christians is interesting That such a controversial doctrine could rise to take such a prominent role in defining and shaping the Pentecostal movement begs further historical and social study This work charts the development of the doctrine from a small community in the Midwest to become a norm for Pentecostal identity and a hallmark of Pentecostal experience around the world Then through an empirical study of ministers in three Pentecostal denominations the work explores the current beliefs of practices of Pentecostals regarding the doctrine of initial evidence in order to form some conclusions and proposals about the future of the doctrine among classical Pentecostals

Defining Issues in Pentecostalism Steven M. Studebaker,2008-03-01 This book brings together the papers presented at the McMaster Divinity College 2007 Pentecostal Forum Defining Issues in Pentecostalism Classical and Emergent It highlights the defining topics past and present of Pentecostal theology The chapters are grouped under Pentecostal theology and biblical studies with selections on classical and contemporary issues in each category This book provides an introduction to the classical doctrines of Pentecostalism and key contemporary developments in Pentecostal theology in one volume Professors desiring to introduce students to Pentecostalism will find here a concise and accessible introduction to the defining historical and contemporary issues

Pentecostal Ecclesiology Simon K.H. Chan,2019-05-21 This book argues that if the Pentecostal movement is to overcome its excessive individualism and structural instability the way forward is not more institutionalization but a coherent

and robust ecclesiology based on the Pentecost event which is the coming of the Holy Spirit in his own person into the church. A Pentecostal ecclesiology is essentially the working out of the ramifications of that key event. The book takes a more ontological understanding of the relationship between the Spirit and the church than would Protestant and evangelical ecclesiologies. In this respect it has more in common with Orthodoxy. It is further argued that this realignment away from Protestantism and evangelicalism towards Orthodoxy far from removing Pentecostals from their roots actually brings them much closer to the heart of Pentecostal spirituality.

Canadian Pentecostals, the Trinity, and Contemporary Worship Music Michael A. Tapper, 2017-05-08. This volume offers a landmark analysis of the trinitarian impulses in contemporary worship music used by the Pentecostal Assemblies of Canada (PAOC). It considers whether the lyrics from the most commonly used PAOC songs are consistent with this Evangelical group's trinitarian statement of faith. Colin Gunton's trinitarian theology provides the theological rationale for eight original and qualitative content analyses of these songs. Three major areas are considered: the doctrine of God, human personhood, and cosmology. Making use of Gunton's notions of relationality, particularity, and perichoresis, along with several key Pentecostal scholars, this book serves as a helpful descriptive and prescriptive theological resource for the dynamic practice of a trinitarian faith.
