UnAmerican: The Resident's Story and Our Country's Last Chapter James Rogers, 2016-04-03 An American understands the United States was not built overnight and may never be a completed project Formed to ensure that life liberty and the pursuit of happiness is cherished and protected the journey over hundreds of years isn't complete and it's their responsibility to leave it to the next generation in an improved state But there has been relentless progress over the past century to overturn the American Revolution The Progressive movement has been able to take control of the levers of power in the Federal Government and is now in position to deal its final blow *To Save America* Newt Gingrich, 2011-01-04 The message of this extraordinary election in November 2010 is clear enough the American citizenry has rejected the secular dogma socialist policies and machine driven politics that comprise the Obama agenda Now the question is whether President Obama and his Democratic Party will accept the will of the people and change the destructive course upon which they have set this country First and foremost Republicans must fight to dislodge the secular socialist machine whose methods and goals are described in this book This machine has driven America so deeply into debt and has so fundamentally changed the relationship between the American citizenry and our government that our children's future is now imperiled We cannot assume that after the 2010 election the machine will simply accept the will of the people After all the very purpose of a political machine is to thwart the will of the people **Activism, Feminism, Politics and Parliament** Margaret

Wilson,2021-08-13 Margaret Wilson has always lived a political life From her days as a child growing up in the Waikato in a Catholic family attuned to fairness an unlikely law student in the 1960s in a class with a few other women and an emerging socialist feminist who read radical texts and attended women s conventions her key concerns became cemented early the rights of women and equality for all under the law This is the story of one of New Zealand s most eminent political actors A policy focused campaigner reluctant to join a political tribe and uncomfortable with the combative attitudes and personal jockeying that politics seemed to entail Wilson nevertheless rose to become the president of the Labour Party during the turbulent mid 1980s Going on to become a central far sighted occasionally controversial minister in the Clark government Wilson held significant roles as Attorney General and Speaker of the House Activism Feminism Politics and Parliament is a powerful analysis of political life in New Zealand over four decades From pay equity to a home grown Supreme Court employment relations legislation to paid parental leave the policies Wilson championed were based always in the long held principles of a true conviction politician

The New Reagan Revolution Michael Reagan,Jim Denney,2025-06-25 There are cynics who say that a party platform is something that no one bothers to read and it doesn t very often amount to much Whether it is different this time than it has ever been before I believe the Republican Party has a platform that is a banner of bold unmistakable colors with no pastel shades Ronald

Reagan 1976 Republican National Convention When Ronald Reagan was called to the podium by President Ford during the 1976 Republican National Convention he had no prepared remarks But the unrehearsed speech he gave that night is still regarded as one of the most moving speeches of his political career The reason he was able to give such a powerful speech on a moment s notice was that he was proclaiming the core principles of his heart and soul which he had been teaching and preaching for years The New Reagan Revolution reveals new insights into the life thoughts and actions of the man who changed the world during the 1980s The challenges and threats we face today are eerily similar to the conditions in the world before the beginning of the Reagan era The good news is that we already know what works Ronald Reagan has given us the blueprint This book is not merely a diagnosis of our nation s ills but a prescription to heal our nation rooted in the words and principles of Ronald Reagan In these pages you ll find a plan for returning America to its former greatness soundness and prosperity It s the plan Ronald Reagan developed over years of study observation and reflection It s a plan he announced to the nation straight from his heart one summer evening during America s 200th year It s the plan he put into action during his eight years in office as the most effective president of the 20th century and it is the plan we can use today to help return America to its former greatness soundness and prosperity The Politics of Deception Capt. John Pulsinelli USN (ret),2020-11-12 The Politics of Deception Target America addresses the age old subject of deception in politics as it has occurred throughout our nation s history with warnings we have received through scripture and iconic spiritual leaders and others concerning its menacing presence Never has its presence in our domestic and international political environments been so apparent and pervasive The hostile and polarizing state of those environments is the result of decades of deception corruption influence peddling and espionage to support the infiltration and subversion of our government educational and religious institutions and society It is much more apparent since the 2016 presidential election that we are witnessing a resurgence of the radical Left Their militant secularist and socialist ideology and agenda is being aided and abetted by elements of our own and foreign intelligence services and corrupt establishment career politicians Our nation culture and society are in peril We are currently engaged in an uncivil and unholy war It s a war between starkly different political ideologies and visions of America s future fueled from within and outside our national boundaries by the Bolsheviks Alinsky disciples and revolutionaries of the Left The radical Left with their domestic and international allies are demons of demagoguery and deception and intend on hijacking our presidency democratic electoral process with the heart and soul of America and our wealth and freedoms The ideological battle lines between Right and Left Republican and Democrat are drawn right versus wrong light versus darkness culture of life versus culture of death individualism versus collectivism jobs versus welfare God and family first versus godless me too first spirit of Christ versus spirit of the antichrist American exceptionalism versus American mediocrity rule of law versus lawlessness less government versus more intrusive government The stakes are high the choices clear Choose wisely God bless America **Tikkunim: (Corrections)** Jesse

Bogner,2018-05-08 After the success of his spiritual memoir The Egotist Jesse Bogner used his tools of perception to write articles about the climate of the world This compilation is more than merely the sum of its parts It s a journey through the mind of someone s spiritual transformation commenting on the corporeal plane of existence From Trump to anti Semitism to Israel Bogner uses the issues of his time to express the hidden nature of reality In Bogner s words I began writing articles about politics and the spiritual roots of a world in crisis A world of contradictions that reveals the flawed development of man using rational systems These rational systems that cannot cope with an irrational world and the seemingly irrational nature of the creatures that inhabit it It began as supplemental work to the novel I was working on before becoming an obsession a calling from above The more I explored political tropes the more my perception changed The earth is crying out for its correction and Kabbalah is its remedy Kabbalah is the method to reveal the world to come in one s lifetime A tool that connects the corporeal world to the spiritual plane that contains a memory of and all the force of all the great spiritual titans of Israel Karla Marx [and the Man-haters] Marshall Rockford Goodman,2014-08-12 With eye opening revelations Karla Marx and the Man haters explores the past and present politics of the women s movement in seven chapters Politics Family Media Government Education Finance and Religion More than 400 endnotes and citations are provided Karl Marx compiled Manifesto of the Communist Party in 1848 Now we have Karla Marx who personifies today s radical feminist activist with her egregious messages of liberation and equality that covertly limit our rights and subtly usurp our freedom through authoritarian control Karla Marx was first published in 2008 Now this latest edition incorporates updates revisions and original material in two new chapters and more than 75 new pages An electronic version is also available most through most online retailers **Halftime in America** Dan S. Wible,Timothy McHenry,2012-09-25 The United States of America finds itself in a political halftime show and if something doesnt change soon the second half could see a continuation of disorganized policies that stifle liberty Author Dan S Wible an aerospace engineer applies engineering principles to seek solutions to prevent the countrys problems from escalating his thought provoking application of common logic reveals how free trade without balance of trade has resulted in a loss of manufacturing capability and undermined Americas infrastructure the Federal Reserve has been completely irrational in its attempt to manipulate the world economy creating an economy that is now fundamentally unstable a return to a limited federal government would enable the free market to once again flourish free market capitalismwith the federal and state governments doing only what the people have authorizedis the best way to allow all people to excel Its Halftime in America and the United States is at risk of becoming a European style socialist nation which is the very style of government the countrys patriots sought to extract themselves from more than two centuries ago Wible offers insights to how and why this is happeningand what can be done to prevent it **Preparing the Way** Barry A. Baker,2021-09-02 From small and simple to grand and glorious sends an immediate message to many readers but to those who do not instantly envision examples before them Preparing the Way seeks to reveal elements of past present

and future events woven together to set the stage for the great and dreadful day of the Lord This paradigm stage is set for all to discover One of the clearest principles of world history is that everything we see before us today had a small beginning somewhere somehow influenced by someone Remarkably enough these events have prepared the way for the restoration of the church that Jesus Himself organized in His day and age Through miraculous occurrences His church is again upon the earth to prepare the way for His second coming to preside over His kingdom for the one thousand year millennial rule and reign Jesus as King of kings and Lord of lords Thoroughly researched and supported this study invites you to embrace the knowledge that the same church that Jesus organized in the ancient Holy Land has been restored to the earth *Community Organizing* David S. Walls, 2015-02-03 This incisive book provides a critical history and analysis of community organizing the tradition of bringing groups together to build power and forge grassroots leadership for social economic racial and environmental justice Begun by Saul Alinsky in the 1930s there are today nearly 200 institution based groups active in 40 U S states and the movement is spreading internationally David Walls charts how community organizing has transcended the neighborhood to seek power and influence at the metropolitan state and national levels together with such allies as unions and human rights advocates Some organizing networks have embraced these goals while others have been more cautious and the growing profile of community organizing has even charged political debate Importantly Walls engages social movements literature to bring insights to our understanding of community organizing networks their methods allies and opponents and to show how community organizing offers concepts and tools that are indispensable to a democratic strategy of social change *Community Organizing* will be essential reading for advanced undergraduates and graduate students of sociology social movements and social work It will also inform organizers and grassroots leaders as well as the elected officials and others who contend with them
