Barbarians inside the Gates and Other Controversial Essays Thomas Sowell, 2020-06-18 A collection of essays that discusses such issues as the media immigration the minimum wage and multiculturalism **International Bibliography of Political Science** Compiled by the British Library of Political and Economic Science, 2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences **In the Name of Education** Jonas E. Alexis, 2007 Alexis convincingly examines the crisis in education from a Christian perspective Social Issues **Who Owns the Moon?** Virgiliu Pop, 2008-11-16 This work investigates the permissibility and viability of property rights on the celestial bodies particularly the extraterrestrial aspects of land and mineral resources ownership In lay terms it aims to find an answer to the question Who owns the Moon The first chapter critically analyses and dismantles with legal arguments the issue of sale of extraterrestrial real estate after having perused some of the trivial claims of celestial bodies ownership The only consequence these claims have on the plane of space law is to highlight the need for a better regulation of extraterrestrial landed property rights Next the book addresses the apparent silence of the law in the field of extraterrestrial landed property scrutinizing whether the factual situation on the extraterrestrial realms calls for legal regulations The sources of law are examined in their dual dimension that is the facts that have caused and shaped the law of extraterrestrial real estate and the norms which express this law It is found that the norms and rules regarding property rights in the celestial realms are rather limited failing to define basic concepts such as celestial body **Contemporary Authors New Revision Series**, 2001-08 In response to the escalating need for up to date information on writers Contemporary Authors New Revision Series brings researchers the most recent data on the world's most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors entries For your convenience a soft cover cumulative index is sent biannually While Gale strives to replicate print content some content may not be available due to rights restrictions Call your Sales Rep for details **Mind Over Matter** Ronald J. Baker, 2008-02-08 Praise for Mind Over Matter Why Intellectual capital is the Chief Source of Wealth Ron Baker has written another great book on the thoughts and theories on intellectual capital As usual he has an awesome depth of content knowledge and thought A great read Reed Holden founder Holden Advisors Corp www.holdenadvisors.com and coauthor The Strategy and Tactics of Pricing and Pricing with Confidence 10 Ways to Stop Leaving Money on the Table At a time when the virtues that made America great individualism hard work and free trade are openly debated by well meaning politicians Ron Baker gives us Mind Over Matter It is a story detailing the triumph of human spirit imagination and creativity Ron tells us what the knowledge economy really means He gives a prescription for transforming human and intellectual capital into the foundation for sustainable prosperity Mind Over Matter is a provocative book deserving of a thoughtful read It is a timeless message to be treasured for

generations Robert G Cross Chairman and CEO Revenue Analytics Inc www.revenueanalytics.com Ron Baker is an absolute master at challenging the physical fallacy e g the basis on which we assign value to businesses by focusing on tangible rather than intangible assets This book builds on his previous books and helps the reader understand how critical intellectual capital is to the key to success in the twenty first century Ron pulls from the greatest business thinkers and economists from Drucker to Karl Sveiby as well as current company success stories to fund his rich gold mine of proof The biggest benefit of the book is to change the paradigm of those who are the passive keepers of the books This is a must read for anybody who wants to flourish in the age of intellectual capital Sheila Kessler PhD President Competitive Edge www.CompetitiveEdge.com This book helps us understand some of the origins and sources that have led Ron Baker to the many contributions he has made to our understanding of good practice in running professional businesses David Maister author and leading consultant to professional firms www.davidmaister.com Reading Ron Baker s book was the only delightful incident that robbed my sleep on the flight to Frankfurt today It was sheer pleasure I must have entertained or annoyed fellow passengers with repeated nodding and several exclamations Baker has a terrific style that captures my mind while he entertains and educates by showing lines of connection between authors incidents and theories that I have never seen before He hardly uses the You have to do this and that approach which I despise in most business books I sum it up in two words outstanding stuff Friedrich Blase Kerma Partners www.kermapartners.com This is a wonderful read for anyone who wants to explore the power of constructive thinking In Mind Over Matter Ron examines the power of creative thought over the conventional wisdom that you must make a tangible product for wealth to be created The opening chapter sets a wonderful stage for the book which develops the power of the new business equation and the underlying theory of the various types of intellectual capital This is a must read book for every business leader Peter Byers Chartered Accountant Byers Co Ltd New Zealand Peter Drucker coined the term knowledge worker a half century ago We are all still only beginning to fully comprehend the implications In Mind Over Matter Ron Baker has switched on a beacon for us to follow If we have the courage to embrace the concepts Ron posits perhaps it will be less than another half century before we begin to reap the rewards as individuals and as Do Think Tanks Matter? Donald E. Abelson, 2009 Assessing the evolution and influence of public policy institutes *Do Think Tanks Matter?*, Second Edition Donald E. Abelson, 2009-09-01 It is often assumed that think tanks carry enormous weight with lawmakers In Do Think Tanks Matter Donald Abelson argues that the basic question of how think tanks have evolved and under what conditions they can and do have an effect is consistently ignored Think tank directors often credit their institutes with influencing major policy debates and government legislation and many journalists and scholars believe the explosion of think tanks in the latter part of the twentieth century indicates their growing importance in the policy making process Abelson goes beyond assumptions identifying the influence and relevance of public policy institutes in today s political arena in the United States where they ve become an integral feature of the political landscape and in Canada where

despite recent growth in numbers they enjoy less prominence than their US counterparts By focusing on the policy cycle issue articulation policy formation and implementation Abelson argues that individual think tanks have sometimes played an important role in shaping the political dialogue and the policy preferences and choices of decision makers but often in different ways and at different stages of the policy cycle This revised and updated edition of the book includes up to date data 2000 08 on the growing visibility and policy relevance of think tanks in Canada and the United States *Bibliographie Internationale de Science Politique* ,1999 Liberating Black Theology Anthony B. Bradley,2010-02-03 When the beliefs of Barack Obama s former pastor Rev Jeremiah Wright assumed the spotlight during the 2008 presidential campaign the influence of black liberation theology became hotly debated not just within theological circles but across cultural lines How many of today s African American congregations and how many Americans in general have been shaped by its view of blacks as perpetual victims of white oppression In this interdisciplinary biblical critique of the black experience in America Anthony Bradley introduces audiences to black liberation theology and its spiritual and social impact He starts with James Cone s proposition that the victim mind set is inherent within black consciousness Bradley then explores how such biblical misinterpretation has historically hindered black churches in addressing the diverse issues of their communities and prevented adherents from experiencing the freedoms of the gospel Yet Liberating Black Theology does more than consider the ramifications of this belief system it suggests an alternate approach to the black experience that can truly liberate all Christ followers Freefall of the American University Jim Nelson Black,2012-12-03 It s happening in colleges all across the country Instead of being educational institutions designed to encourage the free discussion of ideas universities have become prisons of propaganda indoctrinating students with politically correct and often morally repugnant ideas about American life and culture This book exposes the liberal bias in today s universities providing hard evidence in clear and unimpeachable terms that shows how today s colleges are covertly and overtly proselytizing with leftist slants on sexuality politics and lifestyles By naming names and providing specific and credible insights from faculty members administrators professional observers and analysts who have witnessed and chronicled the intellectual and ethical collapse taking place within the academy this book offers a broad overview of the issues the history of the problems analysis from a broad range of academics and professionals and also observations of the university students themselves in their own words from schools all across the nation Applied Wisdom Alexander Ineichen,2021-11-16 Applying wisdom and avoiding foolishness are two sides of the same coin Slipping away from either can lead to risky and uncertain situations Luckily author Alexander Ineichen has been collecting witticisms for thirty five years that have made him successful in his career and life In Applied Wisdom he collects an anthology of wit and wisdom containing over 700 quotations from sources as wide ranging as Thomas Aquinas and Frank Zappa He provides entertaining food for thought for businesspeople and the general audience alike and enables readers to think outside the box to find wisdom These nuggets along with his commentary for each are the valuable words needed for

those facing risk and uncertainty The witticisms provide a full range of being level headed truth seeking brutally heretical wonderfully insightful refreshingly politically incorrect and other intellectual treats and provocations The advice blending economics politics history philosophy psychology risk management and much more provides a winning mix of humor intellectual heft and economic survival tips *Do Think Tanks Matter?, First Edition* Donald E. Abelson, 2002-03-08 Do Think Tanks Matter evaluates the influence and relevance of public policy institutes in today's political arena Many journalists and scholars believe the explosion of think tanks in the latter part of the twentieth century indicates their growing importance in the policy making process This perception has been reinforced by directors of think tanks who often credit their institutes with influencing major policy debates and government legislation Yet the basic question of how and in what way they influence public policy has Donald Abelson contends frequently been ignored Abelson studies the experiences of think tanks in the United States where they have become an integral feature of the political landscape and in Canada where their numbers have grown considerably in recent years but where compared to their U S counterparts they enjoy less prominence in policy making By focusing on the policy cycle issue articulation that is getting issues on the political agenda and policy formation and implementation actually affecting the outcome of policies already on the political agenda he argues that think tanks have sometimes played an important role in shaping the political dialogue and the policy preferences and choices of decision makers but often in different ways and at different stages of the policy cycle *Maverick* Jason L Riley, 2021-05-25 A biography of Thomas Sowell one of America's most influential conservative thinkers Thomas Sowell is one of the great social theorists of our age In a career spanning more than a half century he has written over thirty books covering topics from economic history and social inequality to political theory race and culture His bold and unsentimental assaults on liberal orthodoxy have endeared him to many readers but have also enraged fellow intellectuals the civil rights establishment and much of the mainstream media The result has been a lack of acknowledgment of his scholarship among critics who prioritize political correctness In the first ever biography of Sowell Jason L Riley gives this iconic thinker his due and responds to the detractors *Maverick* showcases Sowell's most significant writings and traces the life events that shaped his ideas and resulted in a Black orphan from the Jim Crow South becoming one of our foremost public intellectuals

International Who's Who of Authors and Writers 2008 Europa Publications, 2007-08-23 An invaluable source of information on the personalities and organizations of the literary world **Hoover Digest**, 2005 *American Book Publishing Record*, 1999 **Subject Guide to Books in Print**, 1991
