Balancing Acts Three Prima Ballerinas Becoming Mothers:

Balancing Acts, 2015-03-10 There are few jobs more rarefied or as physically and mentally demanding as prima ballerina And yet despite very real professional risks three dancers from the world class San Francisco Ballet all decided to have children at the pinnacle of their careers In *Balancing Acts* photographer Lucy Gray takes readers on an unforgettable fourteen year journey with these ballerinas capturing their remarkable grit and determination In dramatic black and white photography Gray documents their struggles to balance the demands of family and work from their tireless preparation in rehearsals and dazzling mastery of craft displayed on stage to their time spent relaxing at home with family and even while giving birth In extensive interviews the dancers and their husbands discuss their stories with great candor providing remarkable insight into the life of a ballerina and the everyday challenges and joys of mothers everywhere

Turning Pointe Chloe Angyal, 2021-05-04 A reckoning with one of our most beloved art forms whose past and present are shaped by gender racial and class inequities and a look inside the fight for its future Every day in dance studios all across America legions of little children line up at the barre to take ballet class This time in the studio shapes their lives instilling lessons about gender power bodies and their place in the world both in and outside of dance In *Turning Pointe* journalist Chloe Angyal captures the intense love for ballet that so many dancers feel while also grappling with its devastating shortcomings the power imbalance of an art form performed mostly by women but dominated by men the impossible standards of beauty and thinness and the racism that keeps so many people of color out of ballet As the rigid traditions of ballet grow increasingly out of step with the modern world a new generation of dancers is confronting these issues head on in the studio and on stage For ballet to survive the twenty first century and forge a path into a more socially just future this reckoning is essential
