Ochse, 2001 John Austin pioneered the transformation of complicated organ mechanisms into marvels of elegant simplicity
and reliability taming the problems of early electric action pipe organs and paving the way to great success in becoming the
organbuilder of choice to America s carriage trade churches and institutions Through more than a century the style of Austin
organs has echoed general trends in American musical taste Those trends and the political and economic situations that
molded the 20th century organ bring to sharper focus a comprehension of the past century s music musicians and organs
Read of one man s plan to acquire all of America s large organbuilders of the Austin firm s relationship to other firms of the
people who have designed built and sold Austin organs and of major organbuilders associated with Austin including Robert
