**Fixed-term Parliaments Bill** Great Britain: Parliament: House of Commons: Political and Constitutional Reform Committee,2010-09-21 This is the 2nd report from the Political and Constitutional Reform Committee HCP 436 session 2010 11 ISBN 9780215554772 and examines the Fixed Terms Parliament Bill HCB 64 session 2001 11 ISBN 9780215546296 The principle behind the Fixed Term Parliaments Bill is that it is wrong that a Prime Minister should be able to time a general election to his own partisan advantage Due to the speed of the Bill being expedited through Parliament there has been no prior consultation on pre legislation which the Committee believes the issue deserves If the Bill is enacted the Committee expects that future Parliaments would run for their full fixed term and that this will become an unremarkable aspect of our modern democracy The proposed requirement for a super majority in the House of Commons to vote for an early general election is novel for the United Kingdom and the consequences of the provisions for confidence motions contained in the Bill are uncertain The report proposes two options that the House may wish to explore as possible ways of simplifying the provisions in the Bill for ending the fixed term prematurely i a super majority might not be necessary if a Parliament following an early general election lasted for only as long as the remainder of the term of the previous Parliament ii a super majority could be dispensed with if an early general election could be called only with cross party agreement Dispensing with the super majority could also arguably avoid the need for separate provision for an early general election where no government could be formed that commanded the confidence of the House The Clerk of the House believes that the Bill as currently drafted could allow the courts to question aspects of the House's internal proceedings      *The Two Unions* Alvin Jackson,2012 Alvin Jackson examines the two Unions the Anglo Scots Union of 1707 and the British Irish of 1801 comparing their background birth and survival In sustaining a comparison between the Unions he illuminates the long history and current state of the United Kingdom      The Conservative Party and British Politics 1902 - 1951 Stuart Ball,2014-01-14 The history of the Conservative Party during the first half of the twentieth century was marked by crisis and controversy from Joseph Chamberlain's tariff reform campaign through the Lloyd George coalition and the National Government between the wars to the defeat of 1945 and the post war recovery This study provides a lucid account of this turbulent and formative period in the history of the most durable and adaptive force in modern British politics      *After Number 10* K. Theakston,2010-05-07 Having lost an election been thrown out by their party or retired on grounds of ill health what do former British prime ministers do In the first book to look at the lives political roles and influence of former prime ministers Theakston analyzes all the former prime ministers from Walpole in the 18th century to Blair today      **Land for a Lost**
